

Being a Spiritual Home for the Love of All People

In uncertain times, home offers us stability, comfort, and a place where we can grow and evolve safely. With so many changes this year—from pandemic, to ministerial transition, to civil unrest—our spiritual home is more important than ever.

In uncertain times, **your pledge is also more important than ever.** If you have not had pandemic-related financial setbacks, please consider increasing your pledge in this difficult year.

Your generosity strengthens our ability to provide ***A Home for All People.***

our

A Home at Our Church

Look for limited outdoor gatherings on our church grounds beginning in late 2020. Our building can likely re-open safely sometime next year, although we don't know when. With robust pledges for the coming year, our church can be ready for 2021 by:

- ▶ Ensuring the strongest possible starting point for our new settled Senior Minister
- ▶ Expanding our **Family Ministry** by offering more *Our Whole Lives* classes and adding support staff
- ▶ Supporting the **Music Ministry** with new electronic musical equipment

spiritual

A Home Online

Our **online worship and gatherings** during this pandemic have maintained our connections and expanded our reach beyond the Baton Rouge area. Both now and when we can again gather in our building, we can strengthen this virtual home through:

- ▶ Hiring a part-time audio/visual staff member to direct our **Online Ministries**
- ▶ Expanding church website functions to support streaming worship directly

Pledge by October 31!

home

A Home in Our Community

Our **Social Justice Ministry** methodologies may have changed recently, but the work remains. We can still be “The Church That Shows Up,” even when we can’t show up in person, by:

- ▶ Re-envisioning cooperative strategies with organizations like Together Baton Rouge and Interfaith Foundation.
- ▶ Improving church signage to provide better public witness for our values and awareness of our programs.
